Thanks Joe – I appreciate you following up on this - I am thinking Martin will end up signing the letter since it was sent to Shaun. Let me know if you get any comments back from Martin – let's remind him on Monday am. Have a great weekend. Johanna

Hi, Johanna:

I forwarded the draft letter to Martin, too, for his review. Attached are the talking points prepared for Shaun for Columbia Falls for next week. Let me know if you need anything else.

Thank you,

Joe

Victor - Attached is a minor comment from me. Let me know if the team has also pulled together some talking points/Q & As for Shaun's trip next week or otherwise prepped Shaun. Johanna

Attached is the draft letter in response to A. Otis's letter on behalf of CFAC requesting that Superfund Alternative approach be taken at the Anaconda Aluminum Columbia Falls Site. I have included comments from Mark Chalfant on this letter. Please provide me your comments on the letter. I also attached A. Otis letter for reference.

I had set up the letter to be signed by Johanna Miller. Let me know if you think this is the appropriate person to sign the letter. I have not gotten direction from the RA's office yet.

Victor
